If no license is used or presented, the importer may enter the above commodities under the high rate. Due to Department of Agriculture requirements, any imports at the high rate must be reported through the quota module of ACS.

Please refer to chapter 99, subchapter IV, U.S. note 1 for the list of countries that are not subject to additional agricultural safeguard duties under heading 9904. Imports from these countries should be presented as a type 02 entry using the high rate (over-quota) tariff number provided for in chapters 4, 15, 17, 18, 21, or 22, without the chapter 99 HTS number. These entries must still be reported through the ACS quota module.
